Hello!

Cadbury and Bunny want to ensure that families everywhere have a cracking Easter by helping to create eggstra special egg hunts for you to do at home.

Your Easter egg hunt can be as long or short, as challenging or as easy as you like, but Cadbury and Bunny are here to make sure they're as fun as possible!

You'll find lots of fun-filled and easy to use ideas and tips on how to create an egg hunt for your family. There's also helpful things to print out such as **Bunny ear templates** to decorate (and help turn your little ones into bunnies), **signage and clue suggestions** and even **Bunny footprints** to help your family along the way.

We've split the hunts up into three and have tailored the activities and types of clue to different abilities, so we know there'll be something to suit everyone!

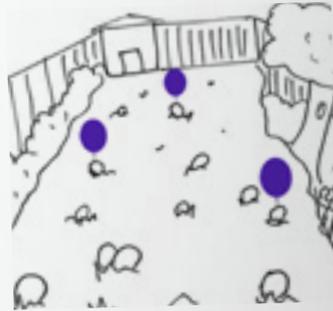

Choose Your Hunt

Easy Peasy

If you're rushed off your feet there's no need for tricky clues, you can still make a great Easter Egg Hunt! This hunt is based around scattering the eggs in the garden for your family to collect. Easy peasy.

NO CLUES

You'll need: Easter goodies. Optional: footprints, balloons.

Tricky-ish

Using simple pictures, draw a set of clues of where the eggs are hidden. These could be a mixture of easier to find ones such as under a kitchen chair and slightly harder ones like under a flower pot.

PICTURE CLUES

You'll need: Easter goodies, picture clues. Optional: Bunny footprints, signs

Tough to Crack

For egg hunters who want a challenge, why not make the clues harder (yet still fun!) with riddles, or word clues. The clues could even lead your family to harder to find places such as next to a certain flower in the garden or behind a particular DVD on the shelf.

WORD CLUES

You'll need: Easter goodies, written clues. Optional: Bunny footprints, signage, notes from Bunny.

Easy Peasy 🍫

Setting up your hunt

No clues are needed for this hunt; simply scatter the eggs around the garden in plain sight for your family to collect. It's easy and fun!

To help everyone find all of the eggs why not tie purple balloons to some of them to make it even more fun, as well as giving your family a little extra treat!

What else do you need? See all of our [props](#) and [templates](#) at the back!

Tricky-ish 🐣 🐣

Setting up your hunt

Draw simple pictures of where the eggs are hidden. These could be a mixture of easier to find ones such as under a kitchen chair and slightly harder ones like behind a flowerpot.

If you're not artistic, don't worry, we've drawn some for you! Take a look at the back of this hunt pack, then you can simply print them out and get hiding.

What else do you need? See all of our props and templates at the back!

Tough to Crack

Setting up your hunt

For egg hunters looking for a challenge, why not make the clues harder (yet still fun!) with riddles, or word clues. The clues could even lead your family to harder to find places such as next to a certain flower in the garden or behind a particular DVD on the shelf.

Hand them their first clue to solve. The next clues should be hidden with the eggs, directing them to the next egg and clue, and then the next, and the next...

If you're not much of a wordsmith don't worry as we've created some in the template section for you to print off and use!

What else do you need? See all of our props and templates at the back!

All your props!

Props

Bunny footprints

Add some magic to the hunt and make it look like Bunny's been.

Print out Bunny's footprints and leave them dotted around the house or garden close to the eggs to use as eggstra hints.

Signage

Print out our signposts and write fun and helpful messages to post around the house or garden. Sign them from Bunny.

'Warmer!'

'Colder!'

'What's behind the tree?'

'Not this way!'

Notes from Bunny

Leave eggstra notes from Bunny at each clue point to keep your family active, for younger family these could be simple activities such as: 'Do 5 star jumps on the spot'

Easter basket

If you're feeling extra crafty why not take a look at [our easy to make Easter basket instructions](#) and help your family make some. You'll need something to collect all your eggs in after all!

Dress like Bunny!

To think like Bunny you need to look like Bunny! We've created some templates and 'how to's' for you to get your family looking bright eyed and Bunny tailed. Why not dress up as Bunny yourself and join in the fun?

Bunny ears

Print out the bunny ears template we've created at the back of this hunt pack and then help your family decorate them. These can be as plain or as eggstravagant as they like!

You'll need:

- 🐾 Scissors
- 🐾 1 x sheet of A3 cardboard
- 🐾 1 x Alice band
- 🐾 Glue
- 🐾 Coloured pens (Glitter, cotton wool, felt - optional)

Bunny nose and whiskers

Look at the photo as an easy-peasy guide for the easiest way to draw a bunny and whiskers on your nose.

You'll need:

- 🐾 1 x black face paint
- 🐾 1 x white face paint
- 🐾 1 x sponge
- 🐾 1 x thin paintbrush

Bunny tail

To make a simple bunny tail follow the picture instructions below!

How to make a simple bunny tail.

You'll need:

- 🐾 Scissors
- 🐾 White wool
- 🐾 2 x pieces of cardboard cut into donut shapes
- 🐾 1 x safety pin

Bunny's Clues And Templates

Everything you need to make your hunt eggstra special

- 🐾 Basket
- 🐾 Bunny ears
- 🐾 Bunny footprints
- 🐾 Pre made clues
- 🐾 Empty belly clues
- 🐾 Signage

Bunny Basket

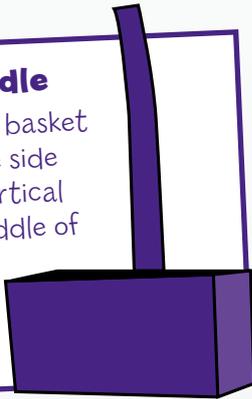

All Easter egg hunters need a basket to collect their Easter eggs in so why not make your own!

You will need:

- ✂ Scissors
- ✂ A cereal box
- ✂ Glue
- ✂ A stapler
- 🐰 Colourful wrapping paper
- ✂ A pen or pencil
- 📏 A ruler (optional)
- 🐰 Tissue paper (optional)

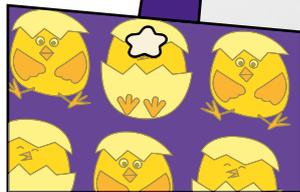

2. Make the handle

At the middle of the basket you've drawn, on one side draw two parallel, vertical lines up from the middle of the basket to make the handle.

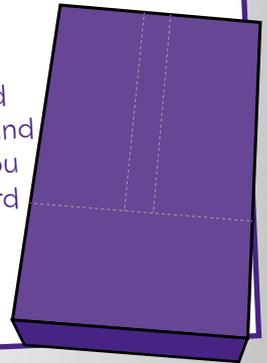

5. Fix the handle!

Once it's all dry, you'll need to make the handle. The handle will be attached on one side but to make it a basket the handle needs to work properly. To do this, make an arch with the handle over to the other side - make sure the other end sits on the inside of the basket and then staple in place.

1. Make the base of your basket

Take your cereal box and draw a straight line around the box (use a ruler if you need to), about one third of the way up the box. This will be the size of your basket!

3. Cut it all out!

If your family are helping you make the basket, be sure that a parent or guardian is there to help and keep everyone safe! Start at the top cutting out the handle from the open flap at the top and when you get down to the basket section, turn the scissors to cut out the basket. Be careful not to cut off the handle!

4. Make it all colourful!

Use some colourful paper with an Easter theme if possible and cut out the right size shapes to cover your cardboard basket. Glue the shapes around the basket and on the handle.

6. Get hunting!

Fill your finished basket with some ripped up pieces of tissue paper so eggs have a soft nest to be kept in while your family do some hunting!

Make Your Own Bunny Ears

Dressing like Bunny is a fun way to get into the Easter feeling!
Use our instructions and template below for some fantastic bunny ears.

Supplies Needed:

🐰 The ears template

🐰 Scissors

🐰 Plain A4 pieces of paper

🐰 Sticky tape

🐰 Crayons, colouring pens or coloured pencils

1. Start with the ears!

Print out the ears template in the next section - depending on how many people need ears make sure you print enough copies - and cut them out. Then fold the bottom at the dashed line.

2. Make the band!

For the head band, take your plain pieces of paper and cut them along the portrait length of the paper in equal widths. Everyone has a different sized head so tape the lengths together to the right size for each person's head. Make sure you don't tape the ends together.

Make sure a parent or guardian is always helping when using scissors!

3. Decorate!

Get crayons, pens, pencils, stickers - anything fun and colourful - for everyone to decorate their own ears.

4. Put it all together!

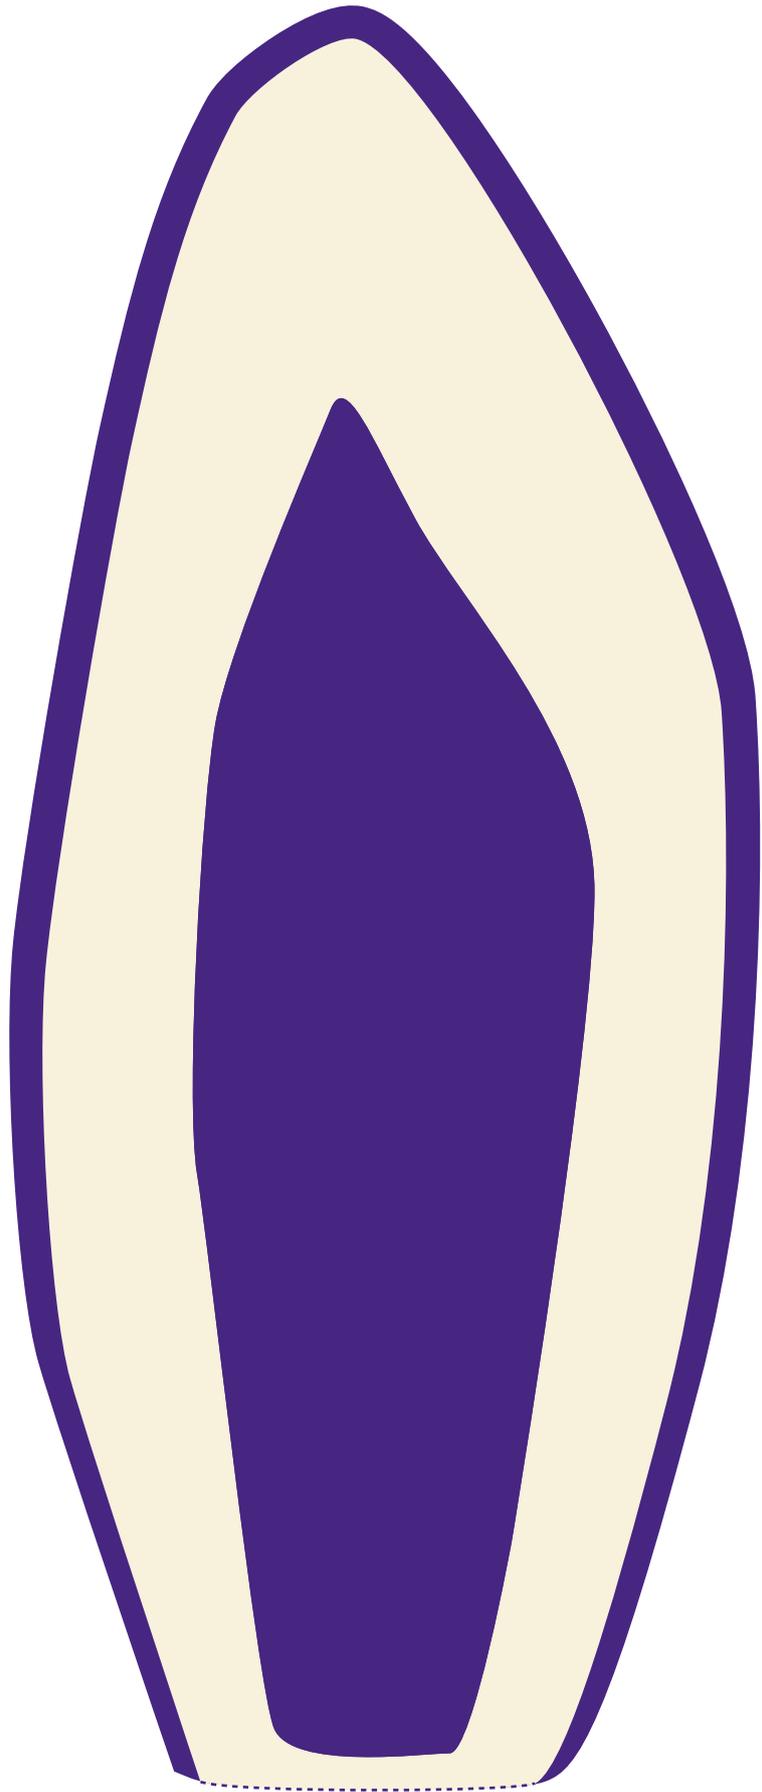

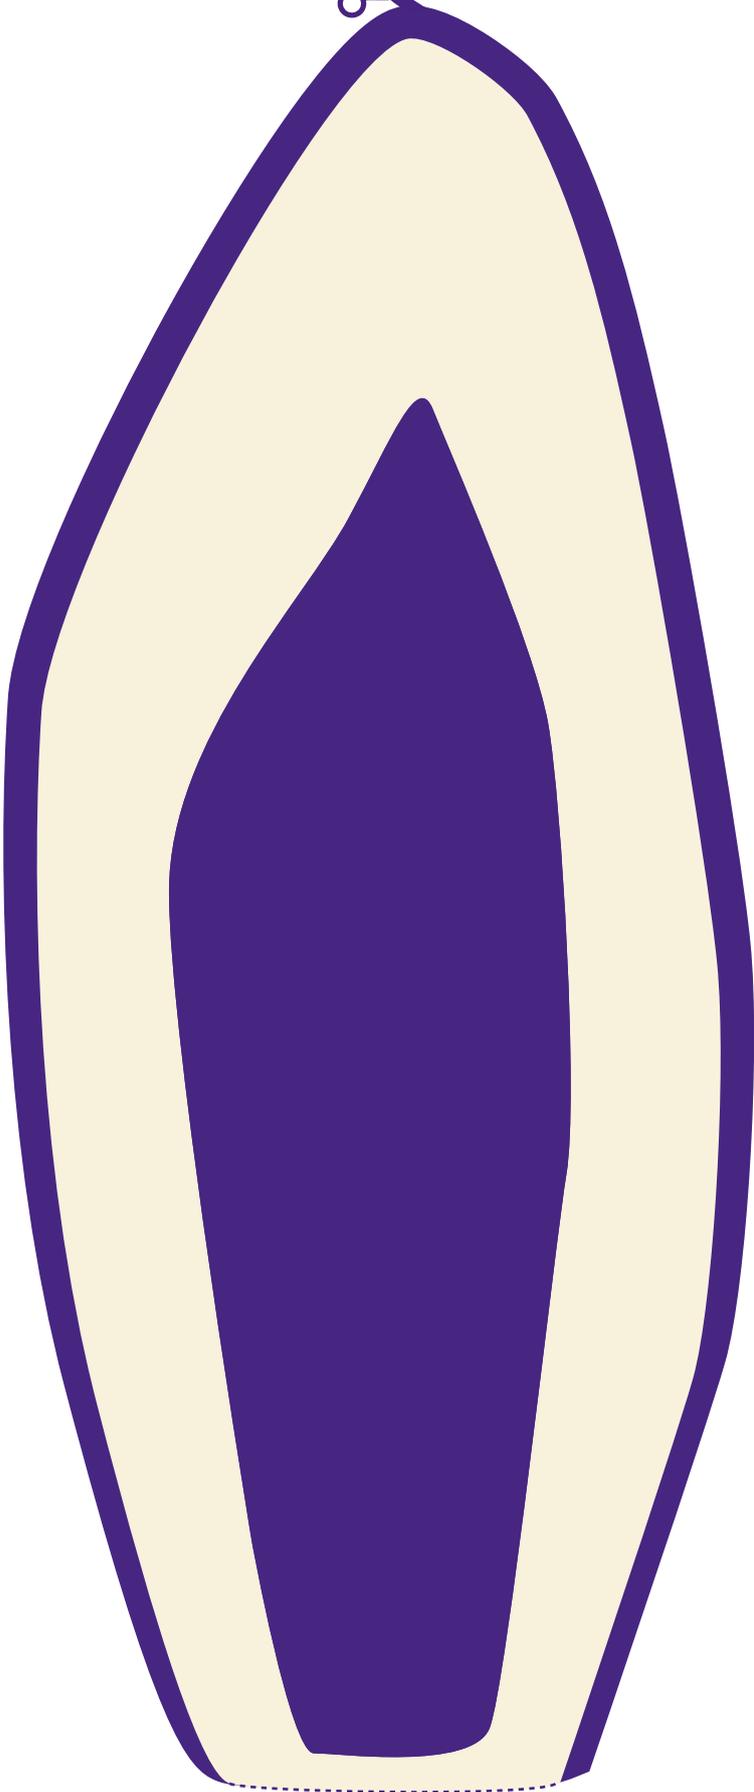

Once everyone has decorated their ears, use the folded section of the ears and then tape this onto the long strip of paper. Then wrap the long bit around every person's head and take the two ends together.

5. Hop to it!

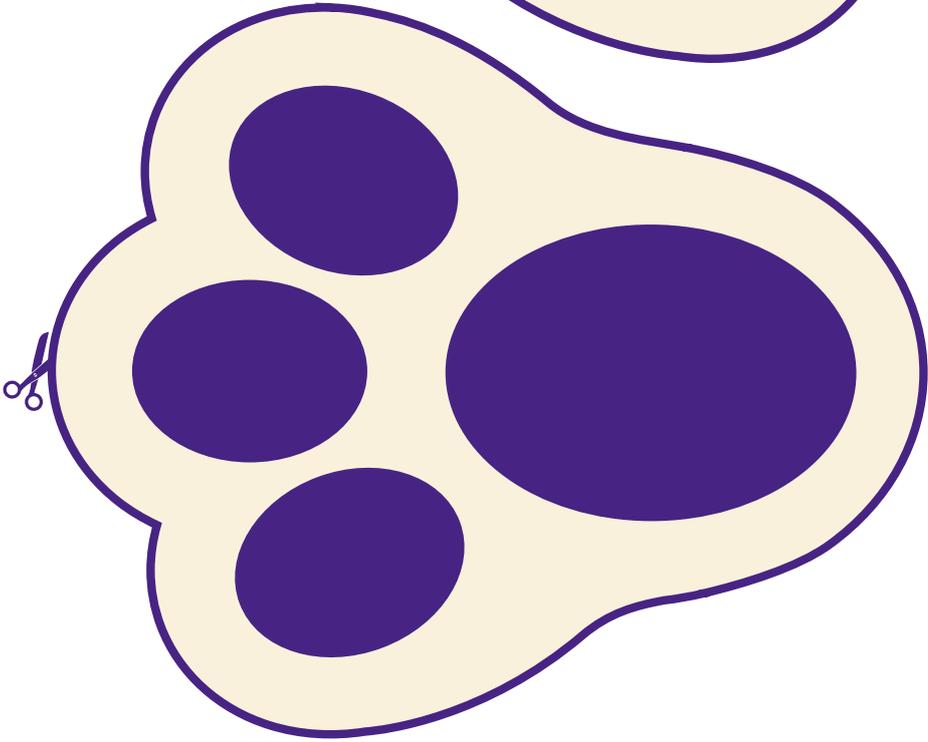

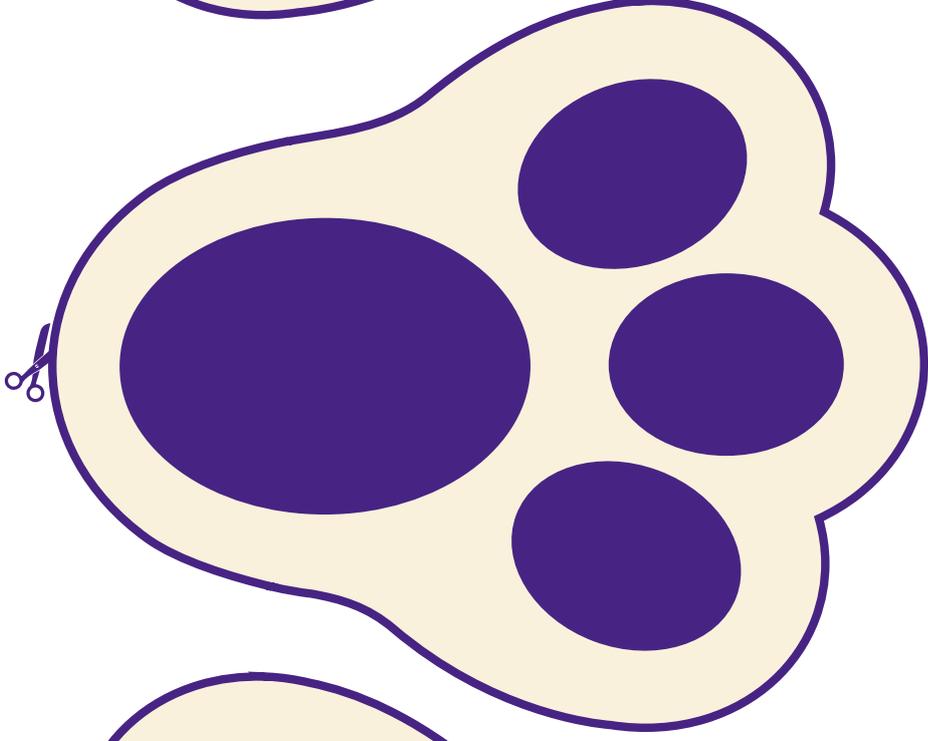

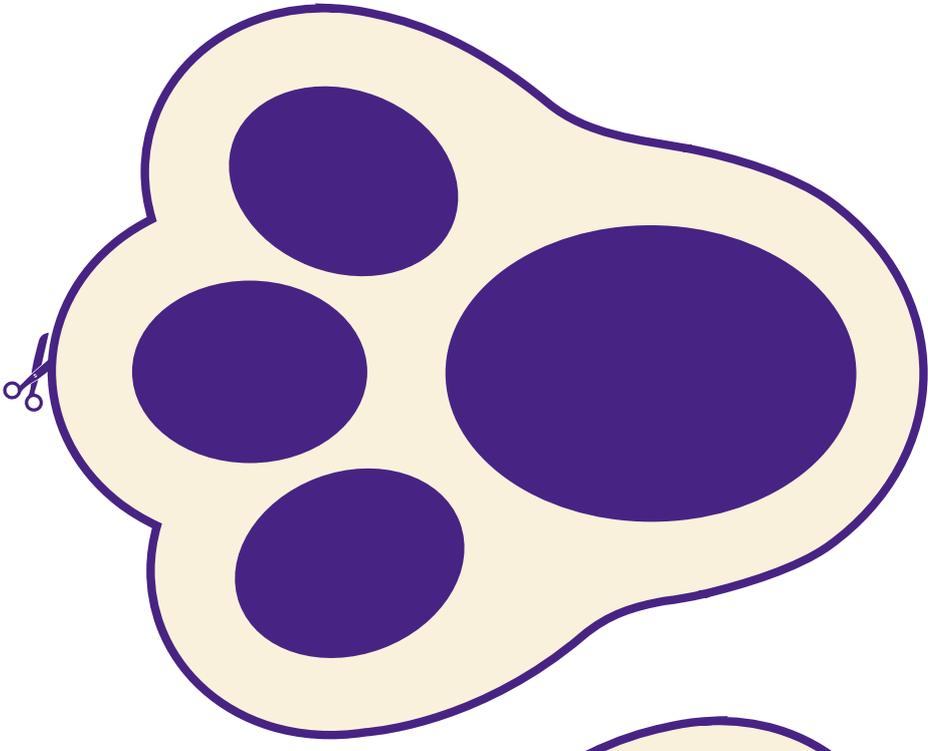

Now you've all got your bunny ears it's time to get on with your Egg Hunt. Have fun!

Pre-Made Picture Clues

Make your own Clues

Signs

Print out signs and give your own hints to your family! You could say:

'You're getting warmer!'

'Getting hotter!'

'It's getting colder...'

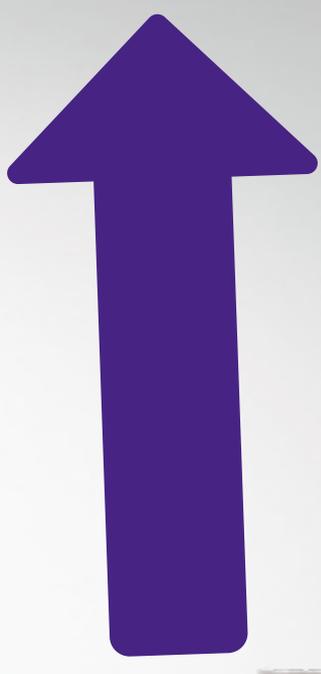

'Freezing!'

'No eggs here!'

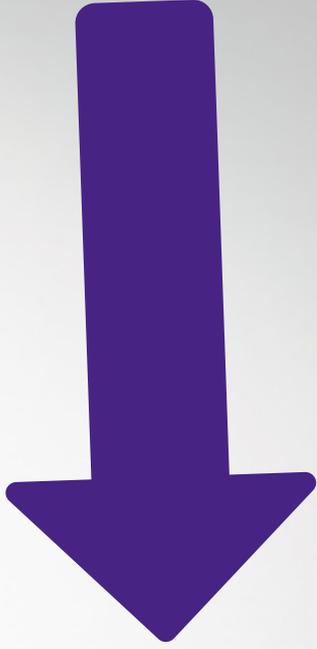

**Eggs this
way**

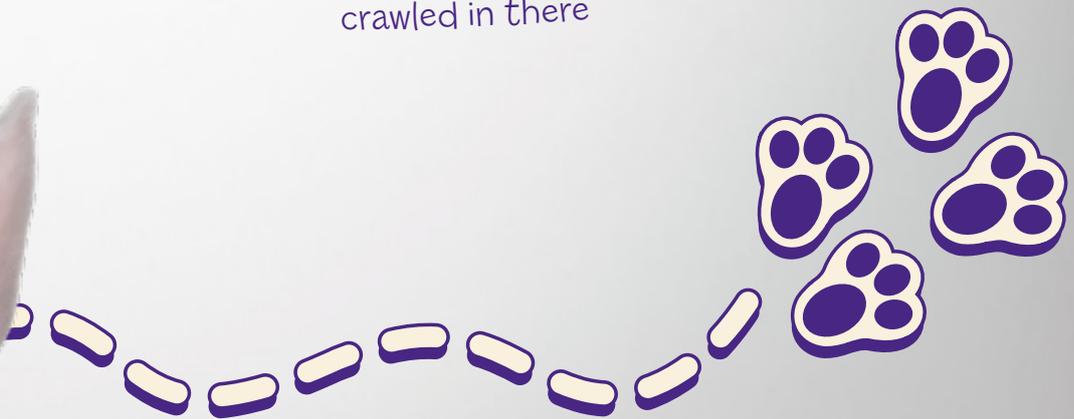

**Eggs this
way**

Stay Eggstra Safe

Make sure your family set safe boundaries for the egg hunt. For example if it's in the garden, make sure they know not to go past the fence or out of the gate. If there are a few people taking part this will help in keeping everyone in one place and stop anyone wandering off.

- 🐾 Keep the eggs at or below eye level so they don't try to climb on things
- 🐾 Don't hide the eggs around breakable items
- 🐾 Keep eggs away from nettles or thorny foliage
- 🐾 Don't hide the eggs in holes in tree trunks or in the ground as you don't know what else has crawled in there

Enjoy the hunt!
